2024 ACM Digital Library License Agreement

Date: December 20th, 2023

Client #:

This Agreement is made between

ACM (the Association for Computing Machinery), with its principal offices at 1601 Broadway, 10th Floor, New York, NY 10019-7434, USA ("the Licensor"), and

CSUC Consortium, with its principal offices at ("the Subscriber") **Gran Capità, 2 (Edifici Nexus) Barcelona, Spain 08034** and the **CSUC Consortium** member institutions as listed in Appendix A of this Agreement ("the Subscriber").

The Subscriber will be granted the right and license to use the ACM Digital Library (the "Licensed Material") on the terms and conditions of this License Agreement (the "Agreement").

1. **Authorized Users.** The following categories of users of the ACM Digital Library (DL) are recognized as Authorized Users: persons affiliated with the Subscribers as students, faculty, registered users or employees, authorized persons physically present in the Subscribers' library facilities. Authorized User shall also mean individuals who are permitted by the Subscriber to access the Licensed Work via proxy IP authentication through a secure connection on the Subscriber's Network.
2. **Basic License.** ACM grants to the Subscriber the non-exclusive rights to search, browse, view, and download the content in the DL. All downloading and printing by Authorized Users will be for the Subscriber's use only, unless approved by ACM in writing. Remote access to the DL by members of the general public is not permitted. Authorized Users may download, print, and copy items from the DL for their use in connection with classroom instruction and related educational purposes but may not redistribute or make available access to the DL for any commercial purposes.
3. **Alterations.** Neither the Subscriber nor any Authorized Users of the DL may modify, adapt, transform, translate, or create any derivative work based on any of the materials in the DL. Any copyright notices, or other notices appearing in the DL may not be removed, obscured, or modified in any way. All rights, title, and interest in the contents of the ACM DL are the recognized property of the ACM or its affiliates and no ownership rights, title, or interest are transferred to the Subscriber as a part of this Agreement.
4. **License Period.** The Subscriber shall be given web-based access to the DL during the **term beginning January 1st, 2024** and concluding **December 31st, 2024**.
5. **Licensing Fees.** **ACM DL licensing fees are \$20,184.74 USD**, which are based on ACM's Academic Consortium pricing and include an Open Access Credit of **\$2198.12**. These fees include access to the Licensed Material, which is as follows:
 - The current year's Publications including: 65+ peer reviewed scholarly journals; 7 fully Open Access peer reviewed scholarly journals; 7 technical magazines, ACM's complete collection of conference proceedings containing over 2,500 volumes of scholarly materials; and 38 technical newsletters sponsored by ACM's technical Special Interest Groups (SIGs)
 - Access to the ACM Books Collections (<https://dl.acm.org/acmbooks>) is not included in this Agreement but is available for purchase via separate agreement.
 - An up-to-date list of the contents of the ACM Digital Library is posted at <https://dl.acm.org/about/content>

6. Access to Historical Archive. The Licensor shall provide complimentary access to the complete archive of all ACM Publications dating back to each publication's first issue or volume.
7. ACM Guide to Computing Literature. The Licensor shall provide complimentary access to ACM's bibliographic database and abstracting & indexing service.
8. Payment Terms. Payment will be delivered by the Subscriber within 30 days of receipt of an invoice from the Licensor (net 30 days).
9. Access. Global access will be provided to the Subscriber based on IP Verification, unless otherwise agreed between the parties. The Subscriber will provide the Licensor with a complete list of current IP Addresses for all participating member institutions.
10. IP Verification. The Subscriber confirms that the IP addresses/ranges provided to the Licensor are for the sole use of its students, faculty, staff and authorized users of **CSUC Consortium member institutions** as defined in Section 1 of this Agreement, and all publications available in the DL cannot be accessed by any person or institution not authorized to access the Licensed Materials through the IP addresses provided. IP addresses/ranges not specifically assigned to the Subscriber will not be enabled by the Licensor.

To ensure continuous access to the DL, the Subscriber agrees to send email notification to DL-info@hq.acm.org to notify the Licensor of any changes to the Subscriber's IP information as soon as any such changes are made to their network.

ACM reserves the right to block or deny access to any IP address exhibiting excessive usage in the DL as defined in Section 11 of this Agreement.

11. Terms of Usage. The Subscriber and individual users affiliated with the Subscriber may make digital or hard copies of the individual articles contained within the DL, as long as such copies are not made or distributed for profit or commercial advantage and all such copies bear the ACM copyright notice. In addition, users may assemble and distribute links that point to works in the ACM Digital Library.

The Subscriber and individual users affiliated with the Subscriber may not republish individual articles contained within the DL, or post them on other servers, or redistribute them to lists, without first receiving explicit permission from ACM. No wholesale duplication of all or substantial sections of the ACM Digital Library is permitted under the terms of this Agreement.

The use of robots or intelligent agents is not permitted under the terms of this Agreement and any significant usage resulting from the use of such robots or intelligent agents will result in increased usage-based fees upon renewal of this Agreement consistent with the ACM Digital Library pricing policy in effect at the time of renewal. Furthermore, ACM reserves the right to suspend or terminate this Agreement if systematic downloading of the DL is discovered.

12. Inter Library Loans. The Subscriber's Authorized Users may download and print articles for personal use and archive contents on their own personal computers. Facsimile images that are exact representations of the print pages or of printouts from the electronic database may be provided for interlibrary loan under CONTU guidelines and distributed in paper, fax, or digital form. Libraries may include copies of DL digital content in local electronic course reserve systems limited to use of Authorized Users of current classes.
13. Warranties. ACM warrants that it has copyright ownership and/or permission to use all of the materials in the DL. The Subscriber warrants that it will use all reasonable efforts to insure the integrity of the DL and the security of the network providing access to Authorized Users. The Subscriber also warrants that it shall keep confidential from any third party any and all subscription, licensing, and pricing information provided by the Publisher, except as may be required in its capacity as an administrator for a consortium of subscribing institutions. In cases where the Subscriber is acting in its capacity as licensing administrator for other

**Association for
Computing Machinery**

Advancing Computing as a Science & Profession

institutions subscribing to the DL, the Subscriber warrants that it shall provide pricing information to each individually subscribing institution as is related only to that same institution's subscription.

14. **Term and Termination.** The term of this agreement will be for a 12-month period. Either party may terminate by providing the other party with 90 days' notice of intent to terminate, in writing, although all financial obligations under this Agreement survive the termination of this Agreement.
15. **Post-Cancellation Perpetual Access.** Upon termination of this Agreement, and upon written request from the Authorised Institution, the Publisher will provide the Authorised Institution and their Authorised Users with access to the full text of the Licensed Material which was published and paid for during the term of this Agreement either through the ACM DL platform (<http://dl.acm.org>), Portico or other means mutually agreed upon by the Publisher and the Subscriber. Authorized Institutions requesting Post-Cancellation Access (PCA) services agree to provide the Publisher with a complete list of current IP Addresses registered for its institution at the time subscription access is terminated and PCA services are activated. All IP information provided will remain valid for the duration of the Authorised Institution's post-cancellation access, and no further changes or updates to this information will be made by the Publisher. The full text of the electronic files may not be resold at any time; this remains in effect in perpetuity. Authorised Institutions will be required to sign a separate Post-Cancellation License Agreement with the Publisher. Continuing post cancellation access is subject to the terms and conditions of use of this License.
16. **Amendments.** All amendments and modifications to this Agreement shall be made in writing and be signed by duly authorized representatives of both parties.
17. **Governing Law.** The parties agree to use best efforts to resolve disputes in an informal manner, by decision of the Managing Director of the Publisher and the current Chairman of the Consortium. Where the parties agree that a dispute arising out or in connection with this Agreement would best be resolved by the decision of an expert, they will agree upon the nature of the expert required and together appoint a suitable expert by agreement.
18. **Assignment.** This Agreement may not be assigned by either party to any other person or organization, nor may either party sub-contract any of its obligations, without the prior written consent of the other party.

Both parties hereby agree to the above terms,
