Universitat Pompeu Fabra,

Turnitin's digital grading platform, Gradescope, including its associated components, is a single-source product developed and sold by Turnitin, based in Oakland, CA. Our product is a unique service that is not offered by any other vendor or reseller in a similar format. The product may be procured only from Turnitin, LLC, at the address listed below. Gradescope is an item for which competition is precluded due to the large dataset (more than 1.9+ billion questions graded) we've amassed from over 1,800+ educational institutions. It is this massive database that makes the development of our proprietary AI (artificial intelligence) driven features possible.

To directly address questions regarding intellectual property protection, the Gradescope software and brand are formally protected. The underlying source code is proprietary to Turnitin, LLC. Furthermore, Turnitin, LLC is the registered owner of the GRADESCOPE trademark in the United States of America (Registration No. 6000934). This registration specifically covers services related to the software, including "Providing temporary use of online non-downloadable software for generating grades, organizing graded assignments, visualization of graded assignments, analyzing graded assignments, comparing graded assignments, publishing grades, and exporting grades".

Gradescope is a web application that enables instructors to grade paper-based, online, bubble sheet, and programming assignments on a unified online platform, and to distribute graded work back to the student. For some assignments, advanced image processing and machine learning is applied to group student answers together based on content. We leverage our massive dataset in order to develop this technology. There is no other tool that allows instructors to grade all these types of assignments (paper-based, online, bubble sheet, programming) on one platform and to receive machine-learning assistance for their grading.

The complete Gradescope solution includes a grading product for both automated and manual grading of code as well as AI-powered assisted grading, which rapidly increases the speed and efficiency of grading for multiple choice, short answer math, and short answer text questions.

The Gradescope AI-powered assisted grading allows an individual instructor to grade just a few sample student answers and have Gradescope AI grade the remaining submissions in each set, applying the same detailed feedback as the instructor. This reduces time spent grading by 50% or more, with increasing returns that scale as the number of assignments increases.

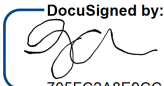

Gradescope's programming assignments product allows students to upload code to the Gradescope platform and their instructors to review and grade that code. Instructors can manually create a rubric and provide feedback via quantitative scoring as well as comments made directly on students' code. Instructors may also use our autograding feature by uploading test cases that are automatically run against students' submitted code. Instructor-defined commentary is shown to the student based on their code's performance against the tests.

Gradescope is accessible via a web-based interface and is hosted on Amazon Web Services.

Gradescope can be integrated with most standard learning management systems such as Blackboard, Canvas, Brightspace (formerly "Desire2Learn"), Moodle, and Sakai. Gradescope also offers an LTI tool (Learning Tools Interoperability) that further enhances integrations.

Annual subscription fees include unlimited access to free videos and documentation for instructors, TAs, and students to learn how to use Gradescope as well as high-quality customer support. If you need additional information about our services, please contact us at 510-764-7600 or visit our website at <http://www.gradescope.com>.

Thank you for your interest in Gradescope.

Electronic Record and Signature Disclosure

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, Iparadigms LLC (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign, Inc. (DocuSign) electronic signing system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to these terms and conditions, please confirm your agreement by clicking the 'I agree' button at the bottom of this document.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after signing session and, if you elect to create a DocuSign signer account, you may access them for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. To indicate to us that you are changing your mind, you must withdraw your consent using the DocuSign 'Withdraw Consent' form on the signing page of a DocuSign envelope instead of signing it. This will indicate to us that you have withdrawn your consent to receive required notices and disclosures electronically from us and you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures

electronically from us.

How to contact Iparadigms LLC:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To contact us by email send messages to: ahajjar@iparadigms.com

To advise Iparadigms LLC of your new e-mail address

To let us know of a change in your e-mail address where we should send notices and disclosures electronically to you, you must send an email message to us at ahajjar@iparadigms.com and in the body of such request you must state: your previous e-mail address, your new e-mail address. We do not require any other information from you to change your email address..

In addition, you must notify DocuSign, Inc. to arrange for your new email address to be reflected in your DocuSign account by following the process for changing e-mail in the DocuSign system.

To request paper copies from Iparadigms LLC

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an e-mail to ahajjar@iparadigms.com and in the body of such request you must state your e-mail address, full name, US Postal address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with Iparadigms LLC

To inform us that you no longer want to receive future notices and disclosures in electronic format you may:

- i. decline to sign a document from within your DocuSign session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;
- ii. send us an e-mail to ahajjar@iparadigms.com and in the body of such request you must state your e-mail, full name, US Postal Address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..
